

Do You Want a Versatile Career in Health Care? Medical Assisting is for YOU!

"...as a single parent of two young kids, I needed a career path that will put me in the field faster, and the MA certificate program is it! Plus, we can broaden our area of study and branch out into many different health specialties. The options are nearly limitless as an MA."

*– Erin Feagley,
HACC Medical Assisting Program Student*

HACC's Medical Assisting (MA) Program prepares you to:

- Enter a field with endless job opportunities.
- Work with other medical professionals and patients in a clinical or administrative capacity.
- Transfer credits to obtain your associate degree in health science from HACC.
- Earn your certificate in less than 10 months.

Plus, scholarship opportunities are available!

Academically
